

Anatomy & Physiology Diploma – Home Study

Anatomy and Physiology (A&P) is an essential course for massage and beauty therapists, providing the foundational knowledge necessary to deliver safe and effective treatments. This home study course allows you to learn at your own pace, with comprehensive materials covering the key body systems that underpin every professional treatment.

You will explore the following body systems in detail:

The Cell, Skin, Lymphatic System, Digestive System, Respiratory System, Olfactory System, Muscular System, Endocrine System, Circulatory System, Reproductive System, Nervous System, Urinary System and Hair and Nails

Understanding these systems is crucial for offering high-quality treatments to your clients, ensuring their safety and well-being. A solid understanding of A&P is also a prerequisite for enrolling in certain beauty and massage courses and is often required for gaining professional insurance.

This course is ideal for anyone looking to build a strong foundation in Anatomy and Physiology, whether you're starting your career in beauty therapy or enhancing your qualifications for advanced training. By the end of this course, you'll have a comprehensive understanding of how the body works, equipping you to provide more effective, personalised treatments.

You will be required to complete a comprehensive question paper.
